Report of School Board.

The School Board submit the following report for the year ending Feb. 15, 1898:

North School.—The spring term was taught by Miss Florence M. George of Amesbury, with her usual good success. The second term was taught by Miss Annie M. Page of Hampton. She was thorough in her work; the school showed better order and made great progress. She began the winter term, but was obliged to give it up on account of sickness. The winter term, was taught by Miss Nellie E. Mace of Kensington. Her methods were good and the progress was satisfactory.

East School.—This school was taught by Miss Mabelle L. Wadleigh of this town. She gave entire satisfaction to the Board and the school showed great improvement.

South School.—This school was taught by Miss Edna M. Hardy of this town. She maintained her good reputation of former years.

West School.—The spring term was successfully taught by Miss Edith S. Brown of this town. She resigned at the end of the term to the regret of all.

The fall and winter terms were taught by Miss Carrie E. Robie of Kensington. She had the good will of her scholars and the progress was good. This is one model school from the fact that it is the only one in town that *all* of the parents try to send their children to school every day, *and in season.*

Report of School Board.

The School Board would submit the following report:

North School.—This school was closed for the year, and the scholars carried to the West School the first term.

East School.—This school has been taught by Miss Mabelle L. Wadleigh, of this town, and shows great improvement in every respect.

South School.—This school was taught the first term by Miss Edna M. Hardy, of this town, the second term by Miss Edith S. Brown, of this town, and the third term by Miss Ethel E. Report of School Board.

The School Board would submit the following report for the year ending February 15, 1900:

East School.—This school has been taught during the year and for two years past by Miss Mabelle L. Wadleigh, of this town. She has maintained her previous reputation as a teacher, and her management of the school has been satisfactory to the board.

West School.—The Spring term was taught by Miss Carrie E. Robie, of Kensington. She is a teacher of considerable experience, having taught this school several times before. The relation between teacher and scholars was of a pleasant character. The Fall and Winter terms were taught by Miss Edith S. Brown, of this town. She has taught in our schools at different times for several years with good success, and the scholars have always made good progress while under her care.

South School.—Miss Edna M. Hardy was again secured to teach this school to the satisfaction of all interested. If parents would take more pains to keep their children in school during school hours they would make better progress, and we would have cleaner registers.

GEO. J. CURTIS,

Report of School Board.

The School Board would submit the following report for the year ending February 15, 1902.

East School.—This school has been taught during the year by Miss Frances M. Wadleigh, of this town. The School Board were of an united opinion that she was doing good work, considering certain obstacles under which she had to labor. We called the teacher's attention to the dismissing of the scholars at all times in the day; she showed us a large pile of notes from the parents requesting the dismissal of their children.

In looking over the register we also find 321 instances of tardiness in this school. The parents must not expect that high degree of scholarship in their children that they otherwise might attain if permitted to remain through all the school hours.

West School.—This school has been taught during the year by Miss Laura M. Sanborn, of this town. The School Board were satisfied with the progress and order of the school.

South School.—This school has been taught during the year by Miss Edna M. Hardy, of this town. She maintained her good reputation of former years.

Report of School Board.

The School Board would submit the following report for the year ending February 15, 1903:—

East School.—The first term, also two weeks of the second term were taught by Miss Frances M. Wadleigh, of this town. The School Board were satisfied with the order and progress of the school. Miss Wadleigh was removed to the West School to fill a vacancy there, and Miss Margaret R. Piper, of Fitchburg, Mass., taught the remainder of the term. Her methods of teaching were very good, but she lacked energy in the management of the scholars. The Board thought best to engage a new teacher and Miss Mary E. Smith, of Mount Vernon, N. H., was engaged to teach the third term. She gave her whole attention to the work, good order was maintained, and the progress made was entirely satisfactory.

West School.—This school was taught the first term, and two weeks of the second term by Miss Laura M. Sanborn, of this town. After teaching two weeks of the second term, Miss Sanborn resigned her position and her place was filled by Miss Frances M. Wadleigh, who also taught the third term, and the progress made was satisfactory to the School Board.

South School.—This school has been under the instruction of Miss Edna M. Hardy, of this town, throughout the year. She maintained her former reputation as teacher. We wish to call attention to the fact that there are two children who are absent the greater part of the time, but are out of the jurisdiction of the School Board, as they are under the age limit to attend school. The carelessness and neglect on the part of only a few makes a bad showing for the entire school and also makes the attendance lower than it otherwise would be.

STATISTICS.

East School.—Length of school, 33 weeks. Wages of teacher, first and second term, $30 month. Third term, $32 month. Whole

number of scholars, first term, 31; second term, 25; third term, 24. Average attendance, first term, 25; second term, 20; third term, 18. Instances of tardiness, 183. Visits of School Board, 9. Parents and others, 89.
